**Shut Up and Serve Volleyball Camp** helps athletes grow both on and off the court. Through volleyball, players are encouraged to shut up the negative noise, pursue excellence, build confidence, strengthen teamwork, and discover how a relationship with God can work through sports to shape character and purpose.

Athletes will develop their volleyball skills while gaining a deeper understanding of finding their faith and identity in Christ, which can enhance perseverance, strengthen teamwork, and impact them powerfully both on and off the court.

“ The camps have been such a gift to our entire family!! Both the volleyball and the ministry. ”

“ Shut Up and Serve has been a huge part of seeing my daughter flourish as a player and in her walk with the Lord. The Christ-centered environment is so rare and a true blessing. Thanks again. ”
